Elk River. Jacob lives at 165 Elk Ave.

The map above shows my hometown of Phillips, Wisconsin. This was the first map I made for Geography 280. The map was made in ArcMap and Adobe Illustrator was used to add the text, symbols and backgrounds. The photograph was used with a digital camera.

Election Map

The project at left shows variations of choropleth maps. The maps used data from the 2000 presidential election and 2002 gubernatorial primaries. Symbols can be added to basic choropleth maps to show multiple variables.
