

Welcome To The Adventures Of "Team Bench"

Team Bench is Dedicated to the Safty and Relaxation of
U.W. Eau. Claire Students on Lower Campus

Team Bench has a sincere dedication for the safety of students of U.W. Eau Claire on lower campus. During a recent G.I.S. project, Team Bench has found a lack of fire hydrants on lower campus. Future experiments will further investigate weather the university is following state regulations

Ryan Schriener
U.W.E.C. Geology Major

Joshua B. Schulner
U.W.E.C. Geography Major

Team Bench has discovered that there is an adequate number of benches at the disposal of students. As shown by the map the highest density of benches are in areas where there is the highest densities of students at any given time.
