

# Tattoo and Body Piercing

In Eau Claire, WI

Geog. 199  
Thursday

We LOVE Trimble Unit S!  
Matt, Courtney and  
Laura on the prowl...

## Synopsis

Our group used the GPS units to map the various tattoo and body piercing parlors around the region. We used the Hibbard Hall Parking lot as a central location and starting point. By driving to each location with the GPS unit hanging out of the window we were able to map the fastest route to reach each parlor. On the way, we noted the location of each stop sign and stop light. Every shop on the map will tattoo or pierce anything under then sun. Now that we have shown you how to reach each tattoo and body piercing shop in the area, there is no excuse not to have an extra hole or some ink on your body.
